## Last week's meeting

Reporter: Steve Ehret

**Tom Slater**, accompanied by wife Joyce, got us going with a fine rendition of R-O-T-A-R-Y followed by America. In honor of Veterans Day all Rotarian veterans stood to receive our thanks for their service.

**Ray Barber** led us in the prayer and pledge and President **Erin Kennedy** officially called us to order at 12:11 p.m.

President-Elect **Jack Neely** introduced our guests. Rotarians with guests were **Nancy Neely, Rob Klinger, Ashley Wade, Cheri Hottinger, Rick Platt** and **Marcia Downes**; **Nancy Anderson** introduced our student guests from Newark Catholic and **Barb Quackenbush** did the same for the Newark High students.

Sadly, we learned that Cindy Banner had passed away last night. Cindy has been a server for our Rotary lunches for many years. We'll miss her.

### Announcements:

- **Deb Tegtmeyer's** blood drive was successful.
- Sign up for the Blue Jackets game this December.
- See **Deb Tegtmeyer** to sign up to ring the bell for the Salvation Army.
- See **Rick Platt** to help distribute turkeys this Thanksgiving.
- Want to go to Brazil next May? Leaders are needed for this great experience. They will be coming to visit us in June.

**Jim Withers** was the Three About Me mystery person and no one guessed him. Interesting stuff.

**Sergeant-At-Arms: Pat Jeffries** secured donations from **Dave Shull** and **Jennifer Utrevis** for good things. Others were **Duke Frost, Paul Thompson, Marcia Downes, Bill Cost** and all LMH Rotarians.

**Program:** Jeff Finkle, President and CEO of International Development Council was introduced by Rick Platt. Jeff, is a native of Newark (and proud of it). Jeff recalled his youth spent in Newark and mentioned some of the past industries that are no longer with us. His job is economic development and he believes the number one element to remaining competitive is a good work force. Healthy economic communities have a diversified economic base, transportation assets, strong regional workforce and attractive quality of place. The Licking County area has all these. Our proximity to Columbus is a real asset. He feels that if Newark proper could grow our population to 50,000 we could participate in even more positive economic programs. We're currently at 47,675. Jeff's program was interesting and made us all feel good.

**Jack Crockford** won the raffle and gave it back.

Erin's thought for the week was "Freedom isn't Free"

## This week's program: Andy Joseph

Andy Joseph is the President of Apeks Supercritical, a Johnstown-based manufacturer of fully automated subcritical and supercritical carbon dioxide (CO2) botanical oil extraction systems.

Apeks has been designing and manufacturing botanical oil extraction equipment since 2001 and introduced patented Valveless Expansion Technology in 2012. Apeks has more than 300 CO2 extraction systems installed in 20 states across the US and internationally. Andy is a US Navy veteran and earned his BS and MS degrees in Welding Engineering from the Ohio State University.

## Rotary sees progress in eliminating Polio

*From Rotary.org*

After a historic year during which transmission of the wild poliovirus vanished from Nigeria and the continent of Africa, the crippling disease is closer than ever to being eradicated worldwide, said top health experts at Rotary's third annual World Polio Day event on Oct. 23 in New York City.

Jeffrey Kluger, Time magazine's editor at large, moderated the event.

Anthony Lake, executive director of UNICEF, lauded the Global Polio Eradication Initiative's efforts. After nearly 30 years, the GPEI, which includes Rotary, the World Health Organization, UNICEF, and U.S. Centers for Disease Control and Prevention (CDC), and is supported by the Bill & Melinda Gates Foundation, is on the cusp of ending polio. It would be only the second human disease ever to be eradicated.

Lake urged the partners not to lose their momentum: "At a time when the world is torn by conflicts, when the bonds among people seem weaker and more frayed than ever before, ending polio will be not only one of humanity's greatest achievements, but a singular and striking example of what can be achieved when diverse partners are driven by a common goal -- when we act as one," he said.

The event highlighted recent milestones in polio eradication: In July, Nigeria marked one year without a case, and in August, the entire African continent celebrated one year without an outbreak. That leaves just two countries where the virus is regularly spreading: Afghanistan and Pakistan.

In a question-and-answer session with Kluger, Dr. John Vertefeuille, polio incident manager for the CDC, discussed the reasons for Nigeria's success.

"The foundation to Nigeria's success has been the incredible dedication of tens of thousands of health workers who have worked, often in difficult circumstances, to ensure that all children are reached with the polio vaccine," said Vertefeuille.
