Program: Cheri Hottinger introduced Matt Krough, Amazon Director of Operations for 9 years. Matt transitioned to the Columbus Division in July. Amazon's mission is to be "Earth's Most Customer-Centric Company." They have more than 100 million individual SKU's (unique items for sale). Their main objectives are to offer more selection of items, at the lowest cost, and get it to customers the quickest.

They are based out of Seattle, Washington, and were founded in 1995 by Jeff Bezos. Amazon employs more than 250,000 people across the globe. Matt described the many advantages and services Amazon provides. He also went into very impressive Associate Benefits for all employees that are available on day 1 of the job.

A program called "Career Choice" offers that after a year of employment, Amazon will pre-pay up to 95% of tuition for courses to further the education of their employees. Amazon is also very dedicated to Military Hiring. Since 2011, Amazon hired more than 10,000 veterans across the company. They have pledged to hire another 25,000.

Matt went on to describe the "Fulfillment Centers" in Obetz and Etna, which together total more than 1.9 million square feet. They have been named CMH 1 (Etna) and CMH 2 (Obetz). Amazon names their centers based on the nearest airport. Other local impacts include 2 large Data Centers in New Albany and Dublin.

CMH1 features 855,000 square feet; 1,000+ associate floor stations (465 robotic); 4 inventory floors of robotic; more steel than 2 Eiffel towers; 400 miles of electrical wiring.

CMH 1 holds items smaller than a microwave. CMH 2, in Obetz, holds the bigger items (Non-conveyable).
